

Up And Over

The 1985 Volley ball season was a successful one in many ways. We had a tremendous group of seniors who displayed the excellent attributes of fine quality athletes. They were the nucleus of our team and will be difficult to replace next year. The underclass athletes learned a lot from these seniors and will be expected to improve on their skills and develop the qualities that these seniors displayed. Our underclass athletes began the season with a good level of volleyball skills. This can be attributed to the group we had during the summer and the program started at the middle school. The varsity squad finished the season with a 7 - 15 - 4 record, the Jr. Varsity 5-6, and the frosh - soph, 4 - 6.
