Holland's Opus Foundation – Instrument replacement

I am not sure that we will qualify for the grant opportunity. I can submit a pre-qualification form to the foundation and if we qualify then continue with the process. I need to know the number of students within the district that are on free/reduced lunch program and then the percentage of those students that participate in band. I also need to know how long the band teacher has been teaching at the district. Are we researching to replace instruments only in the high school? I will contact the office and see if they can provide me the information. I don't think that our percentages are going to be high enough to qualify.

Swing into Spring – April 5th

- St. Mary's Gala (tickets)

Dinner/Dessert Show- April 26th
